(A) Yearling cattle are also included in this column.

(B) This is not a sum of the authorizations. It is a count of the authorizations, regardless of livestock kind. Some permittees have more than one kind of livestock and are represented in more than one livestock kind column. They are counted only once in this column.

(C) Active AUMs (animal unit month) is the preference amount BLM offers for use under grazing permits and leases. 'Active AUMs' totals usually do not match 'Authorized AUMs' totals due to annual fluctuations in livestock numbers.

(D) Suspended AUMs (animal unit month) is the preference amount withheld from active use. Suspended AUMs are not currently authorized for use. BLM may reinstate suspended AUMs as warranted in accordance with 43 CFR 4110.3-1(b).

\*\*\* Counts do not include authorized non-use.
